RE: U.S. EPA Indian Environmental General Assistance Program

GA-00T45301-2

Application Due: JUN 26 2015

Dear Chairperson Marcus:

I am pleased to inform you that your proposal submitted to this office under the U.S. Environmental Protection Agency's Indian Environmental General Assistance Program (GAP) has been tentatively approved for funding. At this time, I am setting aside \$71,400 of funding to support your GAP for one year. An additional \$2,000 for travel has been tentatively set aside as a supplemental. The total tentative award for your GAP is \$73,400.

Also, in a separate budget and work plan, please include \$12,837 as supplemental funding for FTE and salary increase. If additional GAP funds become available and your request is approved, some or all of your supplemental request may be awarded.

The Tribe consistently has a considerable GAP grant balance each year. We recommend implementing either a monthly or quarterly system of drawing down grant funds commensurate with expenditures incurred for that period.

Work plan submission, negotiation, and approval will be conducted electronically in GAP Online.

The comments attached here for your reference are also available in GAP Online. If we receive your complete application and an **approvable** revised work plan by the due date we will make every effort to award the grant by September 30, 2015. This funding will support work plan activities from October 1, 2015 to September 30, 2016. Please do not incur any costs under this work plan until the official grant award document has been signed and dated by the EPA Award Official. Any costs incurred before the date of award will not be reimbursed.

This letter does not constitute a grant award. In order to receive funding, the Santa Rosa Band of Cahuilla Indians Tribe will need to complete an Application for Federal Assistance (SF-424). **The complete application, including an approvable work plan, must be submitted for EPA review by the due date indicated above.** Materials can be submitted earlier and will be processed on a first-come, first-served basis. Please note that in completing your application, you will need to enter the GAP Catalog of Federal Domestic Assistance Number (CFDA), required in box #11 on the SF-424A application form, 66.926.

New Process for Submitting Your GAP Grant Application

Effective February 17, 2015, EPA grant applicants **must** use Grants.gov to submit their applications. The Grants.gov registration process can take up to 30 days to complete. Therefore, it is highly recommended that EPA applicants complete their registration on Grants.gov now. Also, your organization's registration in SAM.gov must be active to utilize Grants.gov. If it appears that the grants.gov registration process may prevent you from submitting your application by the due date aforementioned, then please contact Support@grants.gov or call 1-800-518-4726 as support is available 24 hours a day and 7 days a week. You should also notify your Project Officer before the application due date to request an extension.

Please review both Attachment 2 (Grants.gov Instructions Guide) and Attachment 3 (Region 9 Guidance Information for Applicants) or go to <http://www.epa.gov/region9/funding/information.html> to find additional resources on Grants.gov, Federal Regulations, and new EPA requirements. We suggest you forward these materials to your Project Manager, Financial Officer and any other personnel in your organization requiring this information.

I look forward to working with you and your staff under the General Assistance Program. Questions regarding the completion of the application forms as well as the mandatory use of grants.gov should be referred to Grants Management Specialist Danielle Carr, at (415) 972-3871. You can also contact your GAP Project Officer, Willard Chin at (415) 972-3797 if you have questions regarding this letter, the work plan or the General Assistance Program.

Sincerely,

Laura M. Ebbert
Manager

GAP 2015-2016 Work Plan Comments

Santa Rosa Band of Cahuilla Indians

Thank you for developing an outcome-oriented work plan. The following observations and requests were written with the intent of strengthening the Tribe's GAP work plan, identifying possible assistance, and ensuring the work plan meets GAP guidelines. These comments pertain to the 2015-2016 work plan that was submitted with your GAP proposal in December 2014. Please ensure that these comments are addressed in your final GAP work plan.

General Definitions and References

1. The following references are useful for understanding GAP in general, for getting an understanding for environmental outcomes, etc.
 - 2013 Guidance on the Award and Management of General Assistance Program Agreements and Appendix I, Guidebook for Building Tribal Environmental Program Capacity
<http://www.epa.gov/region9/funding/pdfs/tribal-gap/r9-gap-guidance.pdf>
 - GAP Act (<http://www.epa.gov/Indian/pdfs/4368b.pdf>)
 - 2015 GAP Grant Notification (<http://www.epa.gov/region09/funding/tribal-gap.html>)
 - EPA Strategic Plan (<http://www2.epa.gov/planandbudget/strategicplan>)
2. Environmental outcomes should be expressed in terms of improvements to public health, the environment, or human behavior. They can also reflect improved tribal capacity to protect public health or the environment. Intermediate outcomes could reflect: a) improved human health or environmental conditions, b) reduced risks to human health or the environment, c) increased tribal capabilities in legal, enforcement, technical, communication, or administrative areas. Long-term outcomes could include attainment of desired environmental conditions (e.g., water quality standards are met) or human health goals, attainment of a desired capacity to plan, develop, implement, manage and sustain tribal environmental programs.
3. Please ensure that each component in your work plan contains one or more capacity indicators that appropriately links to the commitments. Capacity indicators represent the destination of the Tribe's work and therefore the Tribe should express how it will accomplish the tasks necessary to achieve the indicators proposed in its commitments. Moreover, capacity indicators should ideally be placed in the "Measures" section for each component in the work plan. More information on the appropriate use of indicators is found on page 13 of the GAP Guidance. A suite of indicators that the Tribe may consider for inclusion in its work plan is contained in Appendix I of the GAP Guidebook.
4. Please correct any typographic errors in your work plan. Please note that GAP Online does not accept special punctuation or characters including quotation marks, apostrophes, semicolons, or parenthesis.
5. Please ensure that the total work plan Estimated Component Costs add up to the total approved budget amount indicated in the cover letter, and that the total work plan Estimated Work Years adds up to the total number of approved personnel funded under GAP. I have attached a document entitled "Component Cost and Work Years Guidance" that will help you to correctly identify Component Costs and Work Years to comply with this request.
6. Greening Grants Policy: EPA Region 9 has adopted a Greening Grants Policy which encourages grantees to carry out their EPA grant funded projects in a greener way. Your Project Officer will work with you to determine whether it is feasible to incorporate green practices into your work plan.

The Greening Grants Policy includes an attachment which describes many useful green practices. The policy furthers the objectives of EPA's 2011-15 Strategic Plan. The link to Greening Grant Policy is on the Region 9 Website Homepage, <http://www.epa.gov/region9/funding/greening-grants.html>

Budget Comments

Please revise your budget to reflect the core funding amount of \$71,400 and \$2,000 additional travel funding.

Since the Tribe does not have an approved Integrated Solid Waste Management Plan, EPA will not be funding community clean up supplies for \$3,000.

In a separate budget and work plan, please include, please include: \$12,837 for FTE and salary increase as supplemental funding. If additional GAP funds become available and your request is approved, some or all of your supplemental request may be awarded.

The amount of the Tribe's potential award is \$86,237.

Workplan comments

General Comments

The work plan is missing indicators, please review the EPA GAP Guidance and Guidebook and select the appropriate indicators for each component; they can be added to the component's measure section.

The Tribe should identified staff for each component in the position section of each commitment.

Component#2: Management of the Environmental Office

Commitment#2.2 outputs and deliverables should include: If applicable, copies of training certificates will be submitted to EPA.

Component #3: Pollution Prevention (Recycling)

Commitment#3.1 Please revise this commitment since GAP will not fund the community clean up event until the Tribe has an approved Integrated Solid Waste Management Plan.

Commitment#3.4 Please contact your Project Officer to discuss this commitment. Without an approved Integrated Solid Waste Management Plan, GAP funds cannot be used to implement the abandoned vehicle program.

Component#4: Environmental Research

Please delete commitment 4.3 since the audit will be covered by the Tribe's indirect cost.

- Submission of Grant Applications via Grants.gov:

Effective **February 17, 2015**, EPA grant applicants must use [Grants.gov](#) to submit their applications. It is highly recommended that EPA applicants complete their registration on Grants.gov now, since the entire process can take up to 30 days to complete. Information located at [Submitting an Application to Grants.gov Apply](#) and [Applicant Resources](#) for Grants.gov will help you get started. Applicants are also encouraged to view a previously recorded [EPA Information Webinar](#) session/ presentation regarding Grants.gov or register for an available session.

Grants.gov support/assistance is available 24 hours a day 7 days a week at 1-800-518-4726 or Support@grants.gov. For International callers, call (606) 545-5035 to speak with a Grants.gov Contact Center representative. - **Bundling of Grant Application Certifications (for States & Tribes):**

State and Tribal applicants are highly encouraged to submit annually a single set ("bundling") of application certification forms with a cover letter. The letter must indicate the applicable timeframe (usually a federal or state fiscal year) of the certifications for all EPA grant applications received by Region 9 Grants Management Office (GMO) within that period. GMO accepts Adobe format (.pdf) of the letter with applicable signed certification(s) through the electronic mail box:

grantsregion9@epa.gov. Please note that updated forms must be submitted when changes to the responses are required. The following certifications can be bundled:

- ❖ [Standard Form \(SF\) 424B, Assurances for Non-Construction Programs](#)
- ❖ [EPA Form 6600-06, Certification Regarding Lobbying, Certification for Contracts, Grants, Loans and Cooperative Agreements](#) ❖ [EPA Form 4700-4, Preaward Compliance Review Report for All Applicants Requesting EPA Financial Assistance](#)

Applicants are highly encouraged to use bundling of their certifications if multiple EPA applications are submitted annually. Bundling can be especially helpful as EPA is transitioning to Grants.gov. Please contact your EPA Grants Specialist for questions regarding bundling.

- **Changes to the Minority & Women Business Enterprise (M/WBE) Utilization Reporting Requirement:**

The EPA issued a revised class deviation from [40 CFR 33.502](#) on **December 4, 2014**, which supersedes the M/WBE reporting requirement specified in the recipient's Notice of Award. The EPA financial assistance recipients are now required to report annually when certain conditions are met to reach a threshold of \$150,000. Please review the current information from [EPA's Small Business Programs](#).
